

ARISTOTLE UNIVERSITY OF THESSALONIKI

CENTRE FOR STUDY OF CONTINENCE AND
PELVIC FLOOR DYSFUNCTIONS

in association with

2nd DEPARTMENT OF UROLOGY

1st EUROPEAN CONSENSUS CONFERENCE & 3rd EUROPEAN MASTERCLASS ON THE USE OF BOTULINUM TOXIN IN UROLOGY

25-26 January 2008, Papageorgiou Hospital, Thessaloniki, Greece

mark 20 years since the first use of Botulinum toxin in the urethral sphincter and 10 years since its first application in the overactive detrusor. This conference aims to address issues of treatment safety and outcomes, application techniques (with live demonstration), mechanisms of action and potential for future research and to provide urologists, uro-gynaecologists, neurologists, rehabilitation physicians and continence specialists with a consensus statement on the use of Botulinum toxin in LUT and pelvic floor dysfunction.
